COCAINE IN POCKET

Finance Committee to Hear Claims of Police and Street Departments.

Departments.

Departments.

The Council Committee on Finance will continue the hearing to-night of the wants of city departments for inclusion in the annual appropriation ordinance. The Fire and School Floards, Health Department, Grounds And Parks, Public Buildings and Department of Electricity have been heard. No definite order has been arranged for the remaining hearings, the most important of which is that of the Street Department. The Police Board, having been assured thirty additional men, will ask for little more beyond the usual annual expenses and pay roll accounts. More room is needed at police headquarters, but the question of creeting a separate police headquarters building will probably be allowed to rest until the cost of adding several floors to the City Hall has been ascertained, as well as the cost of the alternate proposition, the acquisition of the Ford's Hotel site for a municipal building.

The streets budget is the largest of all those to be presented. The City Engineer has made a list of the pressing needs of street and sower work for the information of the committee, it far exceeds in amount any reasonable sum which may be expected for streets from annual revenues, and only the most important can come this year, unless money is provided for curbing and guttering in the outlying districts from a bond issue, as has been proposed.

### Friday-Special Bargain Day

Lots of interesting items in all departments at Materially Reduced Prices.
